

Minutes

Kimball Parks and Recreation Board Meeting July 12th, 2007

Members Present: Jack Keef
Chester Blevins
Terry Case
Mark O'Leary
Eric Turney

Members Absent: Marc Lawrence
Teresa Smith

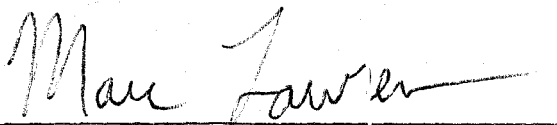

Others Present: David Jackson
Scott Morgan

Jack Keef called the meeting to order at 5:04 pm and called roll. Chester Blevins made a motion to accept minutes from prior meeting. All were in favor.

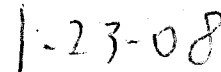

Item #4 on the agenda was discussion of the soccer fields. Chester checked on the field and although grass was growing, ground is cracking from heat and dry weather. Keef afraid that there is not enough topsoil on the ground for the grass to grow. O'Leary asked what type of guarantee Loftly Construction had on growing grass on the soccer fields. Jackson said that they shouldn't be liable for grass. According to Keef, ground was seeded and sowed, fertilized and limed twice. Case suggested bringing in sand, topsoil and running a crusher across the land like other ball fields are done. Blevins will contact both Squeal and Dewey Gilliam to have them offer suggestions.

Scott Morgan was introduced by Mark O'Leary. Mr. Morgan presented to the board catalogs to supply the goals for the soccer field. He also discussed the numbers of the soccer program throughout the county and stated his opinion of damaging some of the preexisting programs if Kimball was to have a separate league. It was Morgan's opinion that the Kimball program would best help the overall soccer program by not having a league, but providing a place for games and tournaments to be held.

Next meeting to be held on August 9th at 5:00.

Marc Lawrence, Chairman
